

Tools for sale

April 4, 2019

Wadkin Bursgreen BZL lathe. Price around £800

The lathe has a Fenner Speedranger drive which has a single phase input but drives a 3 phase motor.

Speedranger speed from 0 to 2000 rpm

The spindle is double ended so you can turn large pieces on the short bed.

Thread on Left spindle is 1" x 8 tpi

Thread on Right spindle is 1.25" x 5 tpi with morse taper which hold a drive centre

Spindle height on the long bed is 160 mm

which can be increased by removing part of the bed near the headstock.

Spindle height on the short bed is 260 mm

There are 2 large face plates and one chuck for the RH end

and one small face plate for the LH end.

Low level saw/sander . Price around £75

with 175 mm saw on an 89cm wooden bed.

22 turning tools

Variou wood blanks including a few burs and Banxia nuts.

A Creusen bench grinder

However, this is defect and needs servicing

Various woodworking tools in large wooden chest

Prices to be agreed
